WHAT IS FAITH? Believing in something you might not be able to all might not be able to prove

I write this, we have just finished the High Holidays, and I am now preparing for the Sukkot and Simchat Torah holidays.

It is a busy and spiritual time of self-reflection and renewal. It has made me ponder my path toward becoming a spiritual leader and what I believe my faith to be and what faith is in general.

Faith means a lot of different things to different people. Belief in a particular religion and your personal belief in God can vary quite a bit, and no one should force their beliefs on others.

Freedom of religion is one of the reasons Judaism has thrived in the United States. Because of it, Jews have been able to enjoy worshipping freely in their synagogues. Because of it, we have had the freedom to pursue higher education and jobs in any profession.

Within Judaism, there are several different sects, with a variety of philosophies.

The Orthodox follow the Jewish laws and customs strictly, and men and women play specific roles within the society.

Conservative Jews follow some of the laws strictly, such as the kosher laws and keeping the main service on Saturday mornings; however, they are much more egalitarian in the roles that men and women play. Men and women sit together and women can read from Torah and lead living with our many technoprayer.

Reconstructionist Jews believe in a historical perspective on our faith, and the community decides together

which laws or customs (such as keeping kosher) they will follow.

Reform Judaism takes a much more progressive look at our religion and believes we need to look at the society we live in as we try to grow, change and evolve. Our faith encourages a deep understanding of the modern world and our concepts of God within it.

We came to the realization that God neither needs nor wants animal or produce sacrifices from us. So too our concept of who and/or what God is evolves as we study and grow as modern humans logical and medical advances. For instance, people were not allowed to ride anywhere on Shabbat in antiquity because they were not allowed to make their animals work on Shabbat. Now. however, we have inanimate cars to move us, and we tend to live all over the place instead of in a small neighborhood surrounding a synagogue.

Because we are not making an animal work to go to a synagogue that is 10 or 20 miles away, there is no reason why we shouldn't drive. In Reform philosophy, it is better to observe Shabbat and pray with other Jews, than stay home and not be part of the community.

I love many things about the Reform philosophy. The philosophy is that we, as individuals, get to choose the customs that fit our personal beliefs. So, if you don't want to wear a kippah and tallit, you don't have to. If wearing them is special to you and

helps you feel connected to Judaism, you are more than welcome to do so.

I know Reform Jews who keep kosher and even put on tefillin - women, too. However, those who choose not to do these things are not looked down upon or treated as if they are "not as good" at being Jewish.

Reform Jews also have a difference in philosophy about the Messiah. Reform Jews believe in a "Messianic Age," and not a personal Messiah. We have seen so much death as the result of so-called Messiahs. As Reform Jews, we believe it is the responsibility of human beings to work together to end wars, hunger and oppression, so that we can live together in peace. Unfortunately, we still have a long way to go.

Reform Jews also stress the ethical commandments that help us behave in moral ways. That is why I'm so happy we are starting a social action committee to do things in our community to help others. If you are interested in joining the committee, please contact Mark Levy.

Belief in God is a far more personal endeavor, something that should be a private conversation between you and your maker. As many of you heard at High Holidays, I believe God resides within us, but we often shut that "still small voice" out because of the many distractions that hide our connection to God. There is no way we can prove God exists, but it

Thanks to congregants for generosity

By DENISE STODOLA

behalf of my copresident Sara Anson and the entire Sisterhood Board, we wish everyone Shanah Tova, a Happy New Year. May 5780 be a fabulous year.

I'd like to extend an enormous "thank you" to the entire congregation for donating generously to the Sisterhood Annual Yom Kippur Food Drive, and to Sandy Villa for working hard to put this Tikkun Olam project together. We are truly a small but mighty congregation.

Hopefully everyone made it through October. It sure was a very busy month for CEEW, with the High Holidays, programming, the new member dinner and Sisterhood's first program of the year with Justice Rebecca Dallet. Thank you to Cindy Levy for reestablishing contact with Her Honor and taking the lead on this program.

Chanukah is coming, and with it the Sisterhood's Annual Chanukah Card Fundraiser. This year, we will have another gorgeous card, one designed by artist Nina Bonos. Please watch for the letter and order form coming to your mailbox.

We encourage the entire congregation to participate in this fundraiser. This lovely donation provides not only a Hanukkah greeting to your fellow

SISTERHOOD CO-PRESIDENTS DENISE STODOLA and SARA ANSON

congregants, but it allows the Sisterhood to host events and programs, to sponsor more camp scholarships and to fund items for the synagogue and religious school.

The CEEW Sisterhood board is working on additional exciting programming, so please stay tuned for further information. The Sisterhood is seeking a chair to head up a programming committee; if you are interested, please contact Sara Anson or myself.

I wish all the Israel trip members n'siya tova (bon voyage).

Collection of food tops last year's; congregants help keep migrants warm

By SANDY VILLA Sisterhood Tikkun Olam Chair

What a fabulous way to start the New Year.

This year's Yom Kippur Food drive was even more successful than last year's, and we thought last year's was amazing.

The food drive yielded 500 pounds of non-perishable food and \$850 to the Waukesha Food Pantry. As always, the food pantry is so appreciative of our timely donation due to the recent low inventory of food and the fact that our big donation always coincides with the

time of year when donations lag.

Thank you to all members of CEEW who make this event successful year after year. I'd like to extend a special thank you to Dennis and Denise Stodola, who helped pack their van with food and deliver the food.

In addition to our Yom Kippur food drive, we were able to spearhead, in conjunction with Congregation Shalom, a collection of coats, backpacks and socks for migrants being released from government facilities near the U.S.-Mexico border. Most of the migrants come from warmer climates and are in need of winter coats and other items. The need is overwhelming.

When I showed up the morning after Yom Kippur with a van full of donations, Nina Edelman, a Shalom congregant, was impressed that our little congregation could collect so much, especially given the timing and short notice.

The Edelman's garage was filled with 500 pounds of donations (approximately 1,300 sock pairs, 217 coats and 66 backpacks). It will require a larger vehicle than expected to deliver all of the donations to the Jewish Federation of Southern Arizona, the local non-profit that will distribute all of the donations.

Thank you to everyone for your generosity and kindness. The synagogue has done a wonderful job of starting the New Year with tikkun olam — with acts of kindness performed to perfect or repair the world.

Lessons learned over holidays

ctober has been a very busy time for the Jewish people, full of many values.

It started with Rosh Hashanah, when we had a fun shofar blowing workshop, thanks to **Mark Levy**, and a yummy challah baking workshop, thanks to **Ilene Jauquet**. Many of our students and families attended and had a part in the family service.

Then we celebrated Yom Kippur, when we talked about *teshuva* (repentance) and *s'lichah* (saying your sorry). We heard about how Jonah was swallowed by a whale because he chose not to listen to God, but then was saved because he realized he had made a mistake.

This is an important lesson for our students and everyone else: Doing what's right might not be what you want to do, so — if you should choose to do what is wrong — you can possibly get a second chance. You must

CARRIE BARBAKOFF

From the Education Director's Desk

recognize your mistakes and make an effort to do better.

Next we celebrated the holiday of Sukkot. Thank you to those who braved the cold and rain to build the congregation's sukkah.

Our students in kindergarten through second grade talked about what it means to live in a temporary structure, possibly one that is made with things from the earth, and how the students in the class are lucky to have nice, permanent homes to live in. The students drew pictures of a home they might build, and these pictures are hanging in the social hall.

The students in third and fourth grade talked about *anava* (humility), and put together one big collage of all of their pictures of what humility means to them. This is also hanging in the social hall.

The students in fifth through seventh grade focused on *hakarat hatov* (being grateful) and worked in pairs to make posters demonstrating the things for which they are grateful.

These values allow our students to not only think of Sukkot as a hut out-

side, but also what it really means to be able to live in the United States with all of the privileges and rights. It is important for our students to recognize that not everyone has a nice home and that we should be grateful for what we have.

October ended with Simchat Torah, when we celebrate the end and the beginning again of the reading of the Torah. We commemorate the cycle of life and share stories from one generation to another. We also celebrate Consecration, the ceremony in which our newest students honor the start of their Jewish educational journey.

November is Thanksgiving on the secular calendar and it is Cheshvan on the Hebrew calendar, a month when we have no holidays. Sunday, Nov. 17th will be the Book Fair.

Friday night, Nov. 22nd will be a special service. This is when our kindergarten through second grade, and third- and fourth-graders, will participate in the Shabbat service and share what they have learned.

I look forward to seeing everyone at the service.

BOARD OF TRUSTEES NOTES

October 7th Meeting
By JOE DAILEY / Bulletin Co-Editor

- Cantor Martin reported that she has signed up for training related to social action projects. The course, called "Don't Kvetch, Organize," is a project of Join for Justice: Jewish Organizing Institute and Network. The seven-week online training course will run between Jan. 26th and March 18th. The course will "examine different ways that community organizing has been used to build a more just world for all and how our Jewish tradition and history inform our commitments and approaches to acting for justice," the Join for Justice website explained.
- Cantor Martin said she and six congregants met at on Sept. 24th with Rabbi Jonah Pesner of the Religious Action Center (RAC) of Reform Judaism, based in Washington, D.C. The subject of their meeting was social action projects. Later during the Board meeting, members discussed the work of the Religious Action Center, which is according to the RAC website "mandated by the Union for Reform Judaism."
- She also reported on conversations with possible new CEEW members.
- While Cantor Martin is away with congregation members in Israel, Rabbi

Noah Chertkoff of Congregation Shalom and a clergy team will help if needed.

- Cantor Martin said she wants all congregants to know she can be called in Israel and that nobody should hesitate to call in cases of serious illness or death, "God forbid."
- The Board unanimously passed a motion authorizing Vice President Mark Levy to contract with the security company Elite Protection at a time he finds appropriate for transitioning from having our security provided by Sheriff's deputies.
- By the time of this Board meeting, CEEW had established a Social Action Committee chaired by Vice President Mark Levy.
- The Board expressed its gratitude to Education Director Carrie Barbakoff for her efforts in attracting new students and parents to CEEW's religious school. Carrie reported that we have four students in K-2 grade class, five students in 3-4 grade class, seven students in the 5-7 grade class, for a total of 16 students enrolled in the school. We have a total of 11 students enrolled in mid-week Hebrew.
- The next Board meeting is scheduled for 6:30 p.m. on Nov. 11th.

Condolences

Members and staff of Congregation Emanu-El of Waukesha were saddened to learn of the death of Marjorie Haldeman, aunt of Andi (Tabb) Patz. She was 94 years old when she died Sept. 27th.

During World War II, Marjorie volunteered with the USO. She spent her early professional years working as the executive assistant to the president of the New York Coffee, Sugar and Cocoa Exchange, and spent the remainder of her career working for AT&T as both an administrative assistant and corporate librarian.

She belonged to two book clubs, was a member of the Brookside Women's Club, volunteered at her church and was a supporter of The Seeing Eye service dog organization.

May her memory be a blessing for all who loved and knew her.

The Life and Legacy of Rabbi Swarsensky

The memory of **Rabbi Manfred E. Swarsensky**, the founding rabbi at Temple Beth El in Madison and in whose honor the CEEW sanctuary is named, will be honored at Beth El on Saturday, Nov. 9th, from 12:15 p.m. to 1:15 p.m.
